## JOB POSITIONS

### Associate Professor

*Dipartimento di Scienze e Tecnologie dell'Informazione*

**Jun 2024 - current**

*Università Telematica Pegaso, Italy*

### Postdoctoral Researcher

*Dipartimento di Informatica*

**Jan 2024 - Jun 2024**

*Università degli Studi di Salerno, Italy*

### Postdoctoral Researcher

*Jheronimus Academy of Data Science*

**Oct 2022 - Dec 2023**

*JADS - Eindhoven University of Technology, the Netherlands*

### Postdoctoral Researcher

*CloudSea.AI research group*

**Nov 2021 - Oct 2022**

*Tampere University, Finland*

## QUALIFICATIONS AND LICENCES

### Italian Scientific Qualification (ASN) as Associate Professor

**2023**

*Sector 01/B1 – Informatica*

### Italian Scientific Qualification (ASN) as Associate Professor

**2023**

*Sector 09/H1 – Sistemi di Elaborazione delle Informazioni*

## EDUCATION

### Degree of European Doctor of Philosophy (Ph.D.) in Computer Science

**2022**

*magna cum laude, Advisor: Prof. Andrea De Lucia*

*University of Salerno, Italy*

### Master's Degree (MSc) in Computer Science

**2018**

*110/110 magna cum laude, Advisor: Prof. Filomena Ferrucci*

*University of Salerno, Italy*

### Bachelor's Degree (BSc) in Computer Science

**2016**

*110/110 magna cum laude, Advisor: Prof. Andrea De Lucia*

*University of Salerno, Italy*

## RESEARCH INTERNSHIPS

### Visiting PhD Student at University of Zurich (UZH), Switzerland

**2019**

*5 Months as Visiting PhD Student. The research conducted in this period, resulted in the publication of [J3]*

### Visiting Master Student at University College of London (UCL), United Kingdom

**2018**

*5 Months as Erasmus Student working on my Master's Thesis under the supervision of Prof. Federica Sarro*

## TEACHING

<b>Course Coordinator &amp; Lecturer - Software Engineering</b> <i>Bachelor's degree in Computer Science, Pegaso University, Italy</i> <i>The course consists of 96 hours of lectures (12 ECTS).</i>	<b>2024</b>
<b>Course Coordinator &amp; Lecturer - Distributed Programming</b> <i>Bachelor's degree in Computer Science, Pegaso University, Italy</i> <i>The course consists of 96 hours of lectures (12 ECTS).</i>	<b>2024</b>
<b>Lecturer - Metodi Matematici per l'Informatica</b> <i>Bachelor's degree in Computer Science, University of Salerno, Italy</i> <i>The course consists of 48 hours of lectures (6 ECTS). I was responsible for 24 hours out of the total.</i>	<b>2024</b>
<b>Lecturer - Data Mining</b> <i>Master's degree in Data Science in Business and Entrepreneurship, JADS, the Netherlands</i> <i>The course consists of 60 hours of lectures (6 ECTS). I was responsible for 20 hours out of the total.</i>	<b>2023</b>
<b>Lecturer - Real-Life Machine Learning</b> <i>Tilburg School of Economics and Management (TiSEM), Tilburg University, the Netherlands</i> <i>The course consists of 60 hours of lectures (6 ECTS). I was responsible for 30 hours out of the total.</i>	<b>2023</b>
<b>Lecturer - Introduction to Machine Learning</b> <i>Master's degree in Data Science in Business and Entrepreneurship, JADS, the Netherlands</i> <i>The course consists of 60 hours of lectures (6 ECTS). I was responsible for 30 hours out of the total.</i>	<b>2023</b>
<b>Teaching Assistant - Academic Writing and Publishing</b> <i>Ph.D. degree, Tampere University, Finland</i> <i>Evaluation of students' periodic assignments and final reports.</i>	<b>2022</b>
<b>Lecturer - Programming 3</b> <i>Bachelor's degree in Computer Science, Tampere University, Finland</i> <i>The course consists of 50 hours of lectures (5 ECTS). I was responsible for 20 hours out of the total.</i>	<b>Spring &amp; Fall 2022</b>
<b>Lecturer - Continuous Development and Deployment (DevOps)</b> <i>Master's degree in Software Engineering, Tampere University, Finland</i> <i>The course consists of 50 hours of lectures (5 ECTS). I was responsible for 16 hours out of the total.</i>	<b>2022</b>
<b>Teaching Assistant - Software Dependability</b> <i>Master's degree in Software Engineering, University of Salerno, Italy</i> <i>Evaluation of students' final reports and participation in the examination committee.</i>	<b>2021</b>
<b>Teaching Assistant - Software Engineering II: Maintenance and Evolution</b> <i>Master's degree in Software Engineering, University of Salerno, Italy</i> <i>Evaluation of students' projects and participation in the examination committee.</i>	<b>2021</b>
<b>Teaching Assistant - Software Engineering</b> <i>Bachelor's degree in Computer Science, University of Salerno, Italy</i> <i>Evaluation of students' final reports, and participating in the examination committee.</i>	<b>2021</b>
<b>Teaching Assistant - Software Dependability</b> <i>Master's degree in Software Engineering, University of Salerno, Italy</i> <i>Evaluation of students' final reports and participation in the examination committee.</i>	<b>2020</b>

<b>Teaching Assistant - Software Engineering II: Maintenance and Evolution</b>	<b>2020</b>
<i>Master's degree in Software Engineering, University of Salerno, Italy</i>	
<i>Evaluation of students' final reports and participation in the examination committee.</i>	
<b>Teaching Assistant - Software Engineering</b>	<b>2020</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Evaluation of students' final reports, and participating in the examination committee.</i>	
<b>Teaching Assistant - Programming and Data Structures</b>	<b>2020</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 30 hours in the context of the action "Help Teaching". My responsibilities consisted of providing students with support and tutoring activities.</i>	
<b>Teaching Assistant - Programming Languages</b>	<b>2020</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 30 hours in the context of the action "Help Teaching". My responsibilities consisted of providing students with support and tutoring activities.</i>	
<b>Teaching Assistant - Software Dependability</b>	<b>2019</b>
<i>Master's degree in Software Engineering, University of Salerno, Italy</i>	
<i>Evaluation of students' final reports and participation in the examination committee.</i>	
<b>Teaching Assistant - Software Engineering II: Maintenance and Evolution</b>	<b>2019</b>
<i>Master's degree in Software Engineering, University of Salerno, Italy</i>	
<i>Evaluation of students' final reports and participation in the examination committee.</i>	
<b>Teaching Assistant - Software Engineering</b>	<b>2019</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 30 hours in the context of the action "Help Teaching". My responsibilities consisted of providing support and tutoring activities, evaluating students' final reports, and participating in the examination committee.</i>	
<b>Teaching Assistant - Object Oriented Programming</b>	<b>2019</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 40 hours in the context of the action "Help Teaching". My responsibilities consisted of providing students with support and tutoring activities.</i>	
<b>Teaching Assistant - Software Engineering II: Maintenance and Evolution</b>	<b>2018</b>
<i>Master's degree in Software Engineering, University of Salerno, Italy</i>	
<i>Evaluation of students' final reports and participation in the examination committee.</i>	
<b>Teaching Assistant - Software Engineering</b>	<b>2018</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 30 hours in the context of the action "Help Teaching". My responsibilities consisted of providing support and tutoring activities, evaluating students' final reports, and participating in the examination committee.</i>	
<b>Teaching Assistant - Object Oriented Programming</b>	<b>2017</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 20 hours in the context of the action "Help Teaching". My responsibilities consisted of providing students with support and tutoring activities.</i>	
<b>Teaching Assistant - Programming Languages</b>	<b>2017</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 40 hours in the context of the action "Help Teaching". My responsibilities consisted of providing students with support and tutoring activities.</i>	

<b>Teaching Assistant - Programming Languages</b>	<b>2017</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 20 hours in the context of the action "Help Teaching". My responsibilities consisted of providing students with support and tutoring activities.</i>	
<b>Teaching Assistant - Programming and Data Structures</b>	<b>2016</b>
<i>Bachelor's degree in Computer Science, University of Salerno, Italy</i>	
<i>Work contract of 20 hours in the context of the action "Help Teaching". My responsibilities consisted of providing students with support and tutoring activities.</i>	

## Projects Participations

**QUASAR** 2024  
*University of Salerno*  
*Work Package Leader in the context of the PRIN (Progetti di Ricerca di Rilevante Interesse Nazionale) project "QUASAR" (QUAntum software engineering for Secure, Affordable, and Reliable systems). The project goal is to develop novel methods and instruments that enable quantum software engineering, targeting three key aspects connected to the architecture, quality, and reliability of Quantum Based Systems (QBSs). As Work Package Leader for WP3, my responsibilities include: (i) the definition of a catalogue of maintainability and security concerns for QBSs and connected metrics, (ii) the definition of automated maintainability issue detection and refactoring techniques for quantum-based software systems, and (iii) the definition of automated vulnerability detection and removal techniques for QBSs.*

**Horizon Europe ONCOSCREEN** 2023  
*Jheronimus Academy of Data Science*  
*Unit Leader / Work Package Leader in the context of the Horizon Europe project "ONCOSCREEN", financed by the Horizon Europe framework programme with grant agreement n° 101097036. The project goal is to provide support for the prevention and the diagnosis of Colorectal Cancer (CRC) relying on a set of novel, practical, and low-cost screening technologies with high sensitivity and specificity. The consortium is made of medical and technical partners. My responsibilities included: (i) Unit Leader: managing and coordinating all tasks under responsibility of Jheronimus Academy of Data Science, (ii) Work Package Leader for WP4, and (iii) Task Leader for tasks 2.2, 5.4, and 5.5 belonging to WP2 and WP5.*

**H2020 DESTINI** 2022 - 2023  
*Jheronimus Academy of Data Science*  
*Unit Leader / Work Package Leader in the context of the H2020 project "DESTINI", financed by the European Commission with grant agreement n° 857420. The project goal is to provide support and coordination to promote research on Smart Data. My responsibilities included: (i) Unit Leader: managing and coordinating all tasks under responsibility of Jheronimus Academy of Data Science, (ii) Work Package Leader for WP3, and (iii) Task Leader for tasks 5.1, 5.5 e 6.6 belonging to WP5 and WP6.*

**React-EU Smart City Monitor** 2022 - 2023  
*Jheronimus Academy of Data Science*  
*Participation in the the React-EU project "Smart City Monitor", financed by the European Union. The project aims to support the development of a digital twin smart city project in the Netherlands. My responsibilities include data analysis, and AI models development and experimentation in the context of Work Package 2.*

## Participation in Research Groups

### **SeSa Lab - Software Engineering Salerno**

*University of Salerno, Italy*

**2018 - current**

*Participation in the research activities of the research group “SeSaLab - Software Engineering Salerno”, University of Salerno (Italy), where I currently work as postdoctoral researcher. My research activities at SeSa Lab involve several Software Engineering areas such as Software Maintenance and Evolution, Software Testing, Social Software Engineering, and Quantum Software Engineering. My collaboration with the SeSaLab already resulted in many publications (e.g., [J3, J4, J8, J13]) and several other ongoing works.*

### **JADE Lab - Jheronimus Academy of Data Engineering Lab**

*Jheronimus Academy of Data Science, the Netherlands*

**2022 - current**

*Participation in the research activities of the research group “JADE Lab - Jheronimus Academy of Data Engineering Lab”, Jheronimus Academy of Data Science (JADS) & Eindhoven University of Technology (the Netherlands), where I spent one year as a postdoctoral researcher. During this period, I have had the opportunity of working on several National and European projects.*

### **CloudSEA.AI – Cloud, Software Eng., Evolution, and Assessment with AI**

*University of Tampere, Finland*

**2021 - current**

*Participation in the research activities of the research group “CloudSEA.AI – Cloud, Software Engineering, Evolution, and Assessment with AI”, University of Tampere (Finland), where I spent one year as a researcher (converted to postdoctoral researcher after getting my Ph.D. in March 2022). During this period, I conducted several research activities including defining new trends in Cloud Computing [C20, J9], assessing open-source systems sustainability [J7], and studying applications of Automatic Static Analysis Tools (ASATs) [C12, J6, J10].*

### **ZEST - Zurich Empirical Software engineering Team**

*University of Zurich, Switzerland*

**March - July 2019**

*Participation in the research activities of the research group “ZEST - Zurich Empirical Software Engineering Team”, University of Zurich (Switzerland), where I spent 5 months as a visiting Ph.D. student. During this period, I have been working on the definition and the experimentation of a novel technique that enables automatic test case generation at different granularity levels. The work resulted in a Registered Report [?] and its extended version published in the Empirical Software Engineering (EMSE) Journal [J13].*

### **CREST - UCL Centre for Research on Evolution, Search and Testing**

*University College of London (UCL), United Kingdom*

**March - July 2018**

*Participation in the research activities of the research group “CREST - UCL Centre for Research on Evolution, Search and Testing”, University College of London (United Kingdom), where I spent 5 months as an ERASMUS student. During this experience, I have worked on my Master’s Thesis and improved my knowledge about Search-Based Software Engineering.*

## PROFESSIONAL ACTIVITIES

### 1. Organizing Committee Participation

#### **Program Co-Chair**

**2025**

*2nd International Workshop on Empirical Studies for Quantum Software Engineering  
E-QSE 2025, Istanbul, Turkey*

**Software management: Measurement, Peopleware, and Innovation Track Co-Chair** **2024**  
*50th Euromicro Conference Series on Software Engineering and Advanced Applications (SEAA)  
Euromicro SEAA 2024, Paris, France*

#### **Program Co-Chair**

**2024**

*1st International Workshop on Empirical Studies for Quantum Software Engineering  
E-QSE 2024, Salerno, Italy*

#### **Proceedings Co-Chair**

**2024**

*28th International Conference on Evaluation and Assessment in Software Engineering  
EASE 2024, Salerno, Italy*

#### **Proceedings Co-Chair**

**2024**

*1st Workshop on AI with and for Learning Sciences: Past, Present, and Future Horizons  
WAILS 2024, Salerno, Italy*

#### **Tool Demo Track Co-Chair**

**2024**

*31st IEEE International Conference on Software Analysis, Evolution and Reengineering  
SANER 2024, Rovaniemi, Finland*

#### **Program Co-Chair**

**2023**

*2nd International Workshop on Quantum Programming for Software Engineering  
QP4SE 2023, Virtual*

**Software management: Measurement, Peopleware, and Innovation Track Co-Chair** **2023**  
*49th Euromicro Conference Series on Software Engineering and Advanced Applications (SEAA)  
Euromicro SEAA 2023, Durres, Albania*

#### **Poster Track Co-Chair**

**2022**

*23rd International Conference on Product-Focused Software Process Improvement  
Profes 2022, Jyväskylä, Finland*

#### **Program Co-Chair**

**2022**

*1st International Workshop on Quantum Programming for Software Engineering  
QP4SE 2022, Virtual*

#### **Virtualization Chair**

**2022**

*5th International Conference on Technical Debt  
TechDebt 2022, Virtual*

#### **Web Chair**

**2021**

*29th IEEE/ACM International Conference on Program Comprehension  
ICPC 2021, Virtual*

#### **Web Chair**

**2021**

*28th edition of the IEEE International Conference on Software Analysis, Evolution and Reengineering  
SANER 2021, Virtual*

## 2. Program Committee Participation

### **Program Committee Member of IVR track**

**2025**

*2025 International Conference on the Foundations of Software Engineering (FSE)*

*FSE 2025, Trondheim, Norway*

### **Program Committee Member of NIER track**

**2023**

*23rd IEEE International Working Conference on Source Code Analysis and Manipulation*

*SCAM 2023, Bogotá, Colombia*

### **Program Committee Member**

**2023**

*19th International Conference on Predictive Models and Data Analytics in Software Engineering*

*PROMISE 2023, San Francisco, United States*

### **Program Committee Member of Registered Reports track**

**2023**

*17th ACM/IEEE International Symposium on Empirical Software Engineering and Measurement*

*ESEM 2023, New Orleans, United States*

### **Program Committee Member of ERA track**

**2023**

*31st IEEE/ACM International Conference on Program Comprehension*

*ICPC 2023, Melbourne, Australia*

### **Program Committee Member of Registered Reports track**

**2022**

*38th IEEE International Conference on Software Maintenance and Evolution*

*ICSME 2022, Limassol, Cyprus*

### **Program Committee Member of Registered Reports track**

**2022**

*16th ACM/IEEE International Symposium on Empirical Software Engineering and Measurement*

*ESEM 2022, Helsinki, Finland*

### **Program Committee Member of NIER track**

**2022**

*22nd IEEE International Working Conference on Source Code Analysis and Manipulation*

*SCAM 2022, Limassol, Cyprus*

### **Program Committee Member of RENE/NIER track**

**2022**

*14th Symposium on Search-Based Software Engineering*

*SSBSE 2022, Singapore*

### **Program Committee Member of NIER track**

**2022**

*37th IEEE/ACM International Conference on Automated Software Engineering*

*ASE 2022, Ann Arbor, Michigan, United States*

### **Program Committee Member of NIER track**

**2022**

*9th IEEE/ACM International Conference on Mobile Software Engineering and Systems*

*MobileSoft 2022, Pittsburgh, Pennsylvania, United States*

### **Program Committee Member of Tool Demo track**

**2021**

*29th IEEE/ACM International Conference on Program Comprehension*

*ICPC 2021, Virtual*

## 3. Journal Services

### **Empirical Software Engineering**

**2025 - current**

*Guest Editor - Special issue on Empirical Studies for Quantum Software Engineering*

**Transactions on Software Engineering and Methodology (TOSEM)**  
*Social Media Editor*

**2023 - 2025**

**Science of Computer Programming**

*Guest Editor - Special issue on Quantum Programming for Software Engineering*

**2023 - 2024**

**Science of Computer Programming**

*Guest Editor - Special issue on Software Quality Assurance for Artificial Intelligence*

**2022 - 2023**

**Transactions on Software Engineering (TSE)**

*Reviewer*

**2022 - current**

**Transactions on Software Engineering and Methodology (TOSEM)**

*Reviewer*

**2021 - current**

**IEEE Software**

*Reviewer*

**2021 - current**

**Empirical Software Engineering Journal (EMSE)**

*Reviewer*

**2020 - current**

**Journal of Systems and Software (JSS)**

*Reviewer*

**2020 - current**

**Software Quality Journal (SQJ)**

*Reviewer*

**2020 - current**

**Science of Computer Programming**

*Reviewer*

**2020 - current**
